

# BLACK GIRLS FILM C►MP

## LOCATION RELEASE FORM

Greetings \_\_\_\_\_,

I am \_\_\_\_\_, and I am a Teen Director participating in the 2022 Black Girls Film Camp. The Black Girls Film Camp (US) is a completely FREE national virtual 12-week experience for high school Black girls around the country that are interested in film. Over 200 Black girls across the country applied for this year's camp and I was 1 of 10 finalists that were selected to direct and develop my own short film with a mini-production team of Black women creatives and filmmakers contracted out by the camp. My film titled, \_\_\_\_\_, will be showcased live during a virtual event over the summer and at film festivals, community, and college events in the US throughout the year.

For my short film, I would like to request permission to film or record footage at your location. This permission will include the right to take photographs, videotapes, or sound recordings that may feature your establishment. Your permission will certify that I have the right to include any footage gathered outside or within your location/establishment to be included in my film by the owner. By allowing me to film at your location, I will include a special thank you in the credits of my film to you and your business.
